"When the curse of the world explodes, the race of the Elden becomes tainted. When darkness shrouds the world of nations, a prophecy foretells the one who will become a great Lord. At the center of the Lands Between, there is a legend. One day, darkness will rise from the depths, and the demon king who lives in the Land of Beasts will re-born. At that time, a new race called the Elden will rise to the challenge to stop the evil. The People's Hands will participate in the creation of the world. The diamond-like ancient ring will pass from generation to generation, but in vain. The time has come. Only the one with a pure heart can challenge the demon king and lead to victory!"
